PREFACE

This curriculum vitae represents more than a summary of my academic qualifications, professional experience, and technical skills. It is a reflection of a lifelong journey shaped by dedication, discipline, and the unwavering support of two extraordinary women—my mother and my grandmother. From an early age, they consistently

encouraged me to believe in my abilities, value education, and strive to be the best version of myself in everything I pursue.

My mother has been a pillar of strength, guidance, and sacrifice throughout my life. She continuously pushed me to remain focused on my studies, to overcome obstacles with determination, and to never allow limitations to define my future. Her encouragement during difficult moments strengthened my resilience and inspired my commitment to excellence and hard work.

My grandmother played an equally powerful role by instilling in me wisdom, patience, humility, and perseverance. Her life lessons, discipline, and belief in moral values taught me the importance of consistency, respect, and responsibility. She always reminded me that success is achieved through persistence, honesty, and a strong sense of purpose.

Everything I have achieved so far, and everything I continue to strive for, is rooted in their love, sacrifices, and constant motivation for me to aim higher and remain at the top. This document stands not only as a professional record, but also as a tribute to my mother and grandmother, whose influence continues to guide my personal growth, career ambitions, and dedication to lifelong learning.

STEP 1: PERSONAL INFORMATION

Full Name: Andrew Sesay

Residential Address: 7 Billal Drive, Eacon Back Off, U.S.A Embassy Area, Freetown, Sierra Leone

Email Address: networkhackeredu@gmail.com

Nationality: Sierra Leonean

Languages Spoken: English (Fluent)

Field of Specialization: Information and Communication Technology (ICT)

Availability: Full-Time, Part-Time, Contract, or Consultancy

Andrew Sesay is a committed and disciplined ICT professional based in Freetown, Sierra Leone. He has developed strong technical, creative, and educational skills through years of academic study and hands-on professional experience. His background combines information technology, digital creativity, and teaching, making him adaptable to multiple professional environments.

STEP 2: PROFESSIONAL PROFILE (SUMMARY)

Andrew Sesay is a highly motivated Information and Communication Technology professional with solid academic training and practical experience in web development, software development, graphic design, animation, and ICT education. He holds a Diploma in Information Technology and is currently pursuing a Bachelor's Degree in IT at Limkokwing University of Creative Technology. Andrew has worked with schools, training institutions, foundations, design businesses, and sports organizations, providing ICT tutoring, website development, graphic design, and technical support services. He is passionate about problem-solving, creativity, innovation, and using technology to empower individuals, organizations, and communities.

STEP 3: CAREER OBJECTIVE

Andrew's career objective is to build a successful professional career in the field of Information and Communication Technology where he can effectively apply his technical expertise, creative abilities, and teaching experience. He aims to contribute positively to organizational development through innovative digital solutions, reliable ICT systems, and quality education. Andrew seeks opportunities that will allow him to grow professionally, expand his technical knowledge, and make meaningful

contributions to education, business development, and digital transformation locally and internationally.

STEP 4: CORE SKILLS AND COMPETENCIES

Andrew possesses a wide range of technical, creative, and professional skills developed through academic learning and real-world experience.

4.1 Information Technology Skills

Andrew is skilled in web development, including designing, developing, and maintaining websites for institutions and organizations. He has experience in basic software development concepts, website hosting, content management systems, and troubleshooting technical issues. He is competent in computer hardware and software installation, system maintenance, and basic networking. His ICT knowledge allows him to support users, maintain digital systems, and improve organizational efficiency.

4.2 Creative and Design Skills

Andrew is a talented graphic designer and digital artist with skills in visual communication, branding, animation, and illustration. He designs posters, flyers, banners, logos, and promotional materials for organizations, schools, and businesses. His background in drawing and digital art strengthens his creativity and ability to communicate ideas visually across digital and print platforms.

4.3 Teaching and Professional Skills

Andrew has strong teaching and lecturing skills in ICT. He is able to explain complex technical concepts in simple and understandable ways. He possesses excellent communication skills, teamwork abilities, problem-solving skills, and time management.

He works effectively under pressure and adapts easily to new environments and technologies.

STEP 5: EDUCATIONAL BACKGROUND

5.1 Tertiary Education

Bachelor's Degree in Information Technology (In Progress)

Institution: Limkokwing University of Creative Technology

Andrew is currently pursuing a Bachelor's Degree in Information Technology at Limkokwing University. His studies focus on advanced IT concepts, software systems, web technologies, databases, and emerging digital innovations. This program continues to strengthen his theoretical knowledge and practical skills in ICT.

Diploma in Information Technology

Institution: Limkokwing University of Creative Technology

Andrew successfully obtained a Diploma in Information Technology, which provided him with a strong foundation in computer systems, programming concepts, web development, and ICT fundamentals. This qualification prepared him for both professional practice and further academic advancement.

5.2 Secondary Education

Three-Year Banking Course

Institution: St. Edwards Junior & Senior Secondary School

Andrew completed a three-year banking course during his secondary education, where he gained knowledge in basic finance, banking operations, and record management.

This course enhanced his understanding of financial systems and organizational operations.

Senior Secondary Education

Institution: St. Edwards Junior & Senior Secondary School

Andrew completed his junior and senior secondary education at St. Edwards, where he developed academic discipline, leadership qualities, and interest in technology and problem-solving.

5.3 Primary and Nursery Education

Primary Education: The International School

Nursery Education: Dunnett Preparatory School

Andrew's early education laid the foundation for his academic growth, communication skills, and discipline.

STEP 6: PROFESSIONAL WORK EXPERIENCE

6.1 Martilie International School – ICT Tutor & Website Developer

Andrew worked at Martilie International School as an ICT Tutor and Website Developer. In this role, he taught computer studies to students, helping them develop essential digital literacy skills. He designed and maintained the school's website, ensured smooth operation of computer systems, and provided technical support to staff. His contribution improved ICT learning and strengthened the school's digital presence.

6.2 Al-Imran Institute of Nursing & Skills Training Center College – Website Developer & ICT Tutor

At Al-Imran Institute, Andrew served as both a Website Developer and ICT Tutor. He was responsible for designing, updating, and managing the institution's website. He also trained students and staff in basic and intermediate computer skills. His work enhanced digital communication, improved ICT competence, and supported the institution's educational mission.

6.3 ChristEx Foundation – Graphic Designer

Andrew worked as a Graphic Designer at ChristEx Foundation, where he created visual materials such as posters, flyers, banners, and event designs. He supported organizational campaigns and outreach programs through creative design solutions. His work contributed to improved branding, public engagement, and effective communication of the foundation's activities.

6.4 Nasabati Design Boutique – Trader & Design Support

At Nasabati Design Boutique, Andrew worked as a trader while supporting basic design and promotional activities. He assisted customers, managed sales, and contributed to digital promotions. This role strengthened his business communication skills, customer service experience, and understanding of small business operations.

6.5 Zee Football Club – Website Developer, Graphic Designer & Player

Andrew is actively involved with Zee Football Club in multiple roles. He manages the club's website, designs promotional graphics, and supports digital branding initiatives. In addition, he participates as a football player, demonstrating teamwork, discipline, and leadership. His involvement combines ICT expertise, creativity, and sportsmanship.

STEP 7: TECHNICAL TOOLS AND TECHNOLOGIES

Andrew has experience using various ICT and creative tools to deliver professional results. These include web development tools such as HTML, CSS, and JavaScript; graphic design and animation software; content management systems; Microsoft Office applications; email and internet systems; and computer hardware tools. He continuously learns new technologies to remain current in the ICT field.

STEP 8: HOBBIES AND INTERESTS

Andrew enjoys playing soccer, which helps him maintain physical fitness, teamwork, and discipline. He has a strong passion for drawing and digital art, which enhances his creativity. He enjoys solving ICT-related problems and learning new technologies. Listening to music helps him relax and stay focused.

STEP 9: PERSONAL STRENGTHS AND ATTRIBUTES

Andrew is a hardworking, disciplined, and reliable individual. He is creative, innovative, and highly motivated to succeed. He is a quick learner who adapts easily to new challenges and environments. He values integrity, teamwork, responsibility, and continuous self-improvement in both personal and professional life.

STEP 10: LEADERSHIP, COMMUNITY AND PROFESSIONAL VALUES

Andrew believes in using his skills to positively impact others. He supports youth development through ICT education and sports. He values professionalism, honesty,

respect, and excellence. He is committed to lifelong learning and contributing to community and organizational development through technology and creativity.

STEP 11: CAREER HIGHLIGHTS

- Diploma and ongoing Degree in Information Technology
- ICT Tutor at reputable educational institutions
- Website Developer for schools, colleges, and sports organizations
- Graphic Designer for foundations and businesses
- Active football player combining sports and technology

STEP 12: REFERENCES

The following individuals have agreed to serve as professional and academic references and can attest to my character, academic background, work ethic, and professional competence:

Mr. Kelfala Mansaray

Supervisor and Lecturer

Fourah Bay College, University of Sierra Leone

Mr. Mansaray is an experienced academic and supervisor who has closely observed my academic discipline, commitment to learning, and professional growth in the field of Information Technology.
